French Orphans Need Help

Who Will Give Ten Cents a Day
to Support a Child.

Help for little French children whose fathers have been killed in war is sought by Miss Floyd.

There are thousands of little war orphans in France who must be helped at once. Their fathers fought for years and sacrificed everything, even life, and unless America comes to the aid of these children, many will follow their soldier fathers to a less glorious death. There is no more practical, useful or personal way of helping France than by giving her children a chance to grow up into vigorous, well-trained men and women. Victory and peace will bring rejoicing but it can't restore to France and these children the men, who have fought our battles.

For ten cents a day, three dollars a month, thirty-six dollars and fifty cents a year, you can support one of these children.

The various organizations of the school are urged to consider the maintenance of one of these orphans.

The Christmas drive is on, and Miss Floyd is anxious to know how many of the organizations will adopt one of these orphans and give them a cheerful Christmas. See her, and she will explain all details.

REMEMBER THE RED CROSS BAZAAR.

The Junior Red Cross bazaar will be held Dec. 20th and 21st, at the Red Cross Rooms, 112 W. 3rd St.

All of the public schools of Nodaway county will participate in the bazaar. Plans are being made to make it an attractive affair.

The pupils of the training school are showing great interest in the making of articles of various kinds. The work is carried on in connection with the classes in home economics, industrial arts and manual training.

The proceeds of the bazaar will go into the Junior Red Cross fund. This is used for the same purposes as other Red Cross funds.

All teachers and students are urged to attend, thereby gaining new ideas for similar occasions and also helping to increase the Red Cross fund.

NORMAL WORKS SATURDAY TO MAKE UP FOR THE TIME LOST

The Normal was closed Oct. 11 by order of the Board of Health of Maryville on account of the influenza epidemic. The enforced vacation ended November 26, when the ban was lifted. Because of this vacation, the readers of the Green and White have missed three issues of the paper. They will be run later in the year, one in April, one in June and one in August.

At the first re-assembly of the school, Tuesday, Nov. 26, the following schedule for the remainder of the term was announced:

Thursday, Thanksgiving, holiday.
Friday, Thursday's classes meet.
Saturday, Friday's classes meet.
Saturday, Dec. 7, Monday's classes meet.

Saturday, Dec. 14, Tuesday's classes meet.

Saturday, Dec. 21, Wednesday's classes meet.

Monday, Dec. 23, Thursday's classes meet.

Tuesday, Dec. 24, Friday's classes meet.

School closes Dec. 24 at 4 o'clock for the Christmas holidays.

Since the new term opens Dec. 31, this is as much as it is possible for the school to make up for time lost.

President Richardson also announced that to protect the students as much as possible, and to prevent the spread of influenza, a physician will be in the building each day from 11 to 12 o'clock. If any member of the school is indisposed, he is asked to consult the physician. The doctor will not prescribe for the illness unless he is chosen as the personal physician of the student, but will merely advise as to whether or not medical attention is necessary. He may be found in the Faculty Ladies' Rest Room, 208½

MISS MILLER IS HONORED BY STATE ORGANIZATION.

Miss Mildred Miller has been honored by the primary teachers of the state. She was recently chosen State Chairman of the National Council of Primary Education.

The next meeting of this Council will be held at St. Louis, Dec. 26-27.

A luncheon for the teachers will be given at the Hotel Statler during the meeting.

Basket Ball girls met for practice Tuesday evening, Nov. 26. At the next meeting a new captain will be chosen.

S. A. T. C. TO DEMOBOLIZE— MANY BOYS STAY IN SCHOOL.

Just as the S. A. T. C. had finished their organization and had received their equipment, orders came for demobilization. The government has ordered that the S. A. T. C. units in the colleges thruout the country be disbanded between the dates Dec. 2 and Dec. 21. The news came to the Normal Wednesday afternoon. Mere lay members of the school wondered why the fourth floor seemed to be coming down to the first, but they did not wonder long, for the boys could not keep such glorious news.

Many members of the Corps are planning to stay on in school, and complete the semester which closes Dec. 24. As the S. A. T. C. term represents three of the four months in the cataloged term of the Normal, credit will be given on a 75 per cent regular hour basis for the work done while under military orders.

Lieut. Geo. E. Kaercher who succeeded Lieut. Du Rette in command, left Nov. 27 for Kansas City to attend the Personnel school there where arrangements for demobilization will take place. Lieut Cecil B. Burns, second in command, is in charge of the unit in Lieut. Kaercher's absence.

The student officers are: First Sergeant, Eugene Yehle; sergeants, John Robison, Clarke Evans, Martin Lewis; quartermaster sergeant, T. F. Merrigan, Jr.; corporals, R. A. Davis, Emmett Bartram, Curtis Shelby, Richard Hunter and Forest Brown.

Just prior to the receiving of orders for demobilization, the army cots, mattresses and blankets were invoiced for the use of the unit.

The comfort of the boys while in quarters was well looked after. The Y. M. C. A. sent a consignment the other day. Some of the things in the package were: checkers, dominoes, ink, paste, mail scales, reading and writing material. A bunch of sweaters was sent to the corps by the Red Cross.

EUGENE BIRD GASSED.

Another of our old students has been gassed by the Boche. Eugene Bird was gassed while in the front line Oct. 5. He was unable at first to read or write as the gas affected his eyes most. It is reported that he is now rapidly improving.

Thelma Merkling is ill at the St. Francis hospital with the influenza.

Football Team Shows Pep

Break Even With Tarkio—
Victory 19-7, Defeat 45-0

Two games have been played this season. These two battles were fought with Tarkio. The first game was played at Maryville, Saturday, Nov. 9, when Tarkio was defeated, 19-7.

In the line up were: Captain Brown, Right Half; Shelby, Left Half; Daniels, Full Back; Britton, Right Guard; Bartram, Left Guard; Lyle, Right Tackle; Carter, Left Tackle; Evans, Left End; Farris, Right End; Pickens, Quarter Back.

The touch downs were made by Shelby and Pickens. Every man in the team played the game to a finish.

Although the team planned to repeat the trick, Saturday, Nov. 16, at Tarkio, they did not meet with such success, Maryville being defeated 45-0. The men were not in good shape to play this game. They had been vaccinated for small pox and inoculated for typhoid fever and had had no practice after the first game until the day before the second game.

In this line up, Long took Britton's place as Right Guard and Glass took Bartram's as Left Guard. Webber substituted at Full Back and Puckett at Left End.

Webber is showing well at Quarter and Half Back as Puckett is at Full Back.

The game with the Midland College at Atchison, Kan., for Nov. 30, has been cancelled on account of the condition of the players.

The boys are planning to come back next fall and "clean up." A meeting is called next week to elect a Football Captain for next year.

Basket Ball practice started Tuesday evening, Nov. 26. Some of those eligible to play are: Shelby, Seelman, Carter, Evans, Daniels, Lewis and Brown.

Although defeated once in Football, the Bear Cats are determined to win all games in Basket ball.

Miss Helen Zenor, Minnie Turner and Mrs. Mary V. Zenor motored to Kansas City, Thursday, Oct. 17. Miss Zenor and her mother returned home Monday, Oct. 21 and Minnie went to Richmond for a three weeks visit with home folks.

THE GREEN AND WHITE COURIER

Maryville, Mo.

Edited and managed by the students and published twice each month at the State Normal School, Maryville, Mo., except the last of August and first of September.

Entered as second class matter, Nov. 9, 1914 at the Post Office at Maryville, Mo., under the act of March 3, 1879.

WEDNESDAY, DECEMBER 4, 1918.

TEACHERS FAVOR A NEW STATE CONSTITUTION.

A committee of members of the Missouri State Teachers' Association, including Dr. Davis met at Hotel Statler in St. Louis, Nov. 23. They decided to make another effort to obtain a new constitution for Missouri, a movement that failed two years ago.

The decision to revive the campaign resulted from the close of the war and the approach of a period of reconstruction.

The reasons for the revival of this movement are that limitations imposed by the old constitution prevent further progress; that the old constitution makes the burden of taxation unequal; that the courts are far behind under the present regime, and that injustice can be remedied by a new constitution; that development in smaller towns is made difficult by the limitations of the constitution; that a new constitution will be adapted to modern conditions in economic and social life; and that the state institutional activities are hampered and made uncertain by the lack of continuity and certainty in financial support.

A new constitution would remedy these and many other evils.

LITERARY SOCIETY NOTES.

Eurekans Look for New Home.

At the last Eurekan meeting, the war was the theme of the program. May Rust gave a talk about Foch. The French national hymn was sung. At the business meeting a lively discussion of parliamentary law took place.

The Eurekans are now turned out of their home. Their room has been turned into the S. A. T. C. hospital. The meeting of Dec. 4 will be held in room 303. This is a very important meeting.

PHILOS SHOW PATRIOTISM.

Patriotism was the theme of the program which was held in the Philo society, Wednesday, Oct. 10. It opened with a military piano duet by Marjorie Ruh and Gertrude Walker. This was followed by an interesting talk by Pearl Bryant on the Fourth Liberty Loan campaign. A war solo by Fern Campbell preceded the reading of letters from Philo boys in service.

Two posters may be seen in the Philo case on the bulletin board. One sets forth the motto which the society has taken for its guide to success, "To be, not to seem."

The other one is a service flag for the twenty-seven members who have gone out, to remain true to the motto, in overcoming untruth and wrong. The only silver star represents Harvey Watson, who was wounded some time ago.

The Philos, at the meeting on Wednesday, Nov. 27, decided to continue the meetings for the remainder of the quarter, even though it will tax all members somewhat. Plans were discussed and a reading was given by Erma Greene.

Spicy Program Given at Excelsior Meeting.

All of the spices were present at the Excelsior meeting Oct. 16. At roll call each responded with a spicy name.

Several visitors were present and new members were taken into the society.

The following program was given:
 Pepper Gromer, Faubin
 Cloves Fannon
 Nutmeg Wilson
 Ginger Lawson
 Allspice Turner

Excelsiors Entertained.

Members of the Excelsior Society were entertained Wednesday evening, Oct. 16, at the home of Virginia Lawson on West Fourth St.

The invitations were in the form of a rebus and were given to the members at the last meeting of the society. Each was to come representing a book. The evening was filled with merriment.

The Excelsiors met Wednesday, Nov. 27 after a six weeks vacation. The following program was given:
 Victrola Music.

Talk Warren Wilson
 Song Gail Bishop
 Piano Solo Minnie Turner

At the business meeting it was decided to continue the meetings as usual until the end of the term.

ALUMNI NOTES.

The following Alumni members were home during vacation caused by the influenza: Esther Dietz, 1918, Hazel Wallace, 1916, Mary Wallace, 1917, and Jeannette Mutz, 1916, of El Reno, Okla., Nina Bent, B. S., '18, Silver City, Ia., Lois Holly, Supt. Silver City, Ia., Myrne Converse, B. S. 1918, Guilford, Mo., Vera Hughes, 1918, Oregon, Mo., Beatrice Sewell, B. S. 1918, Flagler, Colo., Olivet Godsey, 1918 and Lloyd Hartley, 1918, Lathrop, Mo., Stella Rogers, 1918, Cameron, Mo.

HOME ON FURLOUGH.

Verne Pickens, B. S., 1918, and Lyle Hanna, B. S., 1918, both of whom are at the Great Lakes Training Camp, were visitors in Maryville during the vacation.

Mr. and Mrs. A. S. Watson received a letter from Harvey, Oct. 15. He had been severely wounded and was in a hospital at that time. The wounds were caused by a bursting shell but as they were all flesh wounds he hoped to be out soon.

The parents also received an official telegram stating that he was reported missing in action Oct. 8, but Harvey's letter reveals an error.

Glenn Lukens, 1914, writes of his work in Washington, D. C., as follows: I am now working in the physical reconstruction division of the War department and am now employed in the curative shops. This is a department where those who are crippled to the extent of being unable to carry on a former vocation, may learn a new trade under instruction. Their physical ailments are carefully studied and

where artificial members are necessary these are provided. The soldier is then taught to use them in the trade which appeals to him such as movie operator, draughtsman, shoemaker, machinist, telegraph operator, and several hundred different or related occupations. Even shell shock, tubercular and epileptic cases are treated in these shops.

Convalescents are given bed occupation when they are able to be propped up in bed. It hastens recovery to have the mind pleasantly and profitably employed.

In bed with proper and special equipment they weave, make brushes tennis nets and many other things.

The work is wonderful and is going to be one of the big factors in solving the tremendous social and economic problems of what shall we do with our brave boys who gave their talents and their time for the cause.

My work just now is selecting equipment and working with a committee to lay out new shops; later I will teach.

NEWS FOR HIGH SCHOOLS.

During vacation Mr. H. P. Swinchart, corresponding secretary of the Northwest Missouri High School Association, has been supervising the publication of the Constitution, By-Laws and Regulations of the organization. These rules are now published in book form, and are being sent to the members this week.

The purpose of this association is to promote and direct athletic, literary, or other desirable activities among the schools comprising its membership, and to study and encourage any matters of general interest in the schools within its territory. The events of contest are six in number: Debate, Literary Contests, Song, Basketball, Track, and Football.

Those eligible for membership, are the high schools within the Maryville Normal school district, 19 counties in all. For the athletic contests, the schools are divided into three classes. Those which have an enrollment of 1-100, are in class C; those of 100-200 enrollment, class B; and those of 200- are in class A. Each school competes with schools of its own class, and separate awards are given to each class.

The preliminary debates will be held in sub districts, and the final debate will be held between the two champion teams, at the Normal in the spring. The question for debate is given by the Board of Control. The teams for the preliminary debates are now being paired. There are 32 entries in debate, at present.

In the athletic department, records are now being made by the football teams of the schools. The awards will be given according to the records. Each school must play at least four games to compete for the championship.

Basketball games will soon begin, and at the tournament held the last week in March, all teams which have made a record of .500 are eligible. The minimum number of games is six.

All questions that arise are referred to the board of control. The members are: Mr. Dougherty, of Bethany; Mr. Diemer, of Excelsior Springs; Mr. Hosman, of Gallatin.

The officers of the association are: President, Mr. A. C. Gwinn, Cameron; Recording Secretary, A. Boyd, Albany; Treasurer, J. M. Macdonald, Maryville; and corresponding secretary, H. P. Swinchart.

CARRIE COLER TO CAMP

WHEELER.

Another Philo, Carrie Mae Coler, has been called for service. During the summer drive, she registered for an army nurse. The first notice came November 10, and the call came Friday, November 29.

She starts Saturday, November 30, for Camp Wheeler at Macon, Georgia, and the trip will require two days.

The training requires two years, but because of her college work, she will get three months off. She will receive the degree of Graduate Nurse. Fifty other girls will go to Camp Wheeler at the same time.

A very interesting class in surveying and map making was organized as one of the S. A. T. C. courses.

The members of the class are learning the use of the instruments for finding levels, lines, and localities. Mr. Colbert teaches the class and Miss DeLuce has charge of the map making and sketching. The class has twenty members.

DEATHS AFFECTING NORMAL.

Poe Ewing, one of our former students died Oct. 11, of pneumonia. He was a member of the S. A. T. C. at Columbia University.

A second death among our former students was that of Vern Hefflin, the elder son of Mr. and Mrs. David B. Hefflin, who died in camp Oct. 10. He was stationed at the Agriculture and Mechanical College, Miss. He had been there less than a month when he was taken with bronchial pneumonia caused by Spanish Influenza.

The Normal body extends sympathy to his family.

Mrs. Philip Daise of Graham, died at her home November 7. Her death was due to uremic poisoning.

Mrs. Daise was the mother of Blanche Daise, B. S., 1918. The Alumni extends sympathy to Blanche and her family.

Mrs. J. V. Pugh of Guilford died Nov. 9 at her home after a week's illness of Spanish Influenza.

Mrs. Pugh was the mother of Grace and Herbert Pugh, who are students here. The school extends heart-felt sympathy to Grace and Herbert in this time of deep sorrow.

Mr. John Winemiller, grandfather of Elsie Houston, student of the Normal, died Nov. 13, at his home near Stanberry, Mo. He was a victim of Spanish Influenza.

The executive committee of the teachers association in the Northwest District is waiting for the influenza epidemic to subside, before they meet to decide whether the association shall meet in the spring or be called off entirely.

Miss Zenor and her mother went to St. Joseph Nov. 28 to hear a concert given by Mabel Garrison and Hippolito Lazaro.

Y. W. C. A. NOTES.

The girls who followed the blue arrows found themselves in the Y. W. room where the following program was given:

Song

Devotional

Discussion of Spanish Influenza—Led by Miss Miller, assisted by several Y. W. girls.

The following program was given Oct. 4:

Devotional.

Duet—In the Garden—Dale Hulet and Erma Greene.

Talk—Social Hygiene—Miss Miller.

A short business session was held for the purpose of voting in new members, and of electing a secretary, Wave Hulet being elected.

Philip Colbert wrote that he was taking care of some influenza cases at camp McArthur, Tex. The physicians and nurses wore masks, gowns and aprons while in conduct with the patients. Every precaution was taken to prevent the spread of the disease. Everything used by the patients, and by the doctors and nurses, were thoroughly disinfected. The boys at the camps, while in the midst of danger were less liable to disease than civilians, because of the excellent sanitation and medical attention.

The influenza epidemic is under control now at Camp McArthur.

On account of school being closed during the epidemic, and because of the difficulty in reaching the students, the War Fund subscription of the Normal was not as large as it would have been under other circumstances. Questionnaires were sent out to the students on which they recorded their pledge.

Mrs. D. R. MacLeod and two children, Bettie Alice and Jean, of Tyron, Okla., spent two weeks here visiting her mother, Mrs. Perrin. Dr. MacLeod came later for a visit. They returned home Nov. 21.

The art department is now on the first floor, occupying the former red cross room. It is a very pleasant room and every one seems to like the change.

THE EVENING FLU APPEARS.

One evening recently, at the faculty table at Perrin Hall, a copy of "The Evening Flu" was found under each plate.

Each copy supplied a department of the entire paper, but a notice told the owners not to open the copies until the "official starter" commanded them to do so.

The "Official Starter" proved to be Mr. Osborn, who "started" the paper as soon as dinner was over. The departments of the paper were: Political News; Society Notes, Scientific Discoveries, The Chaperon, Fiction, Poetry, and Locals, all of which dealt with the ones at the table.

The origin and editorship of the "Evening Flu" are unknown.

J. A. Koontz, a former member of the Normal faculty, is now in France. His son is with the A. E. F. in France. Mr. Koontz was superintendent of the Joplin Public Schools. He is now an Educational Director in the Y. M. C. A.

Mr. Richardson spent Saturday, Nov. 23 in St. Joseph. A number of St. Joseph teachers have asked for extension work with the Normal, and in his meeting with them, plans were discussed for the organization of such a course.

Three Royal machines have been added to the equipment of the commercial department. Since a great many of the S. A. T. C. boys are taking typewriting, the machines have helped materially to increase the efficiency of the department. John Robison is the first student this term to pass the forty word test.

Professor Taylor, former president of the Normal, is now in Southwestern University in Georgetown, Texas, in charge of the S. A. T. C. there. He expects to go overseas to do construction work, soon.

His son, Jack, was at the front in the infantry. He was gassed, and was in the hospital, at the last report.

Another son, Kirby, is in the convoy service, and has made five trips across the water, since he has been in the service.

THE STROLLER HAS THE FLU

S. A. T. C. NOTES.

The newest and biggest things around the Normal just at present are the new army shoes. Carter says he never will buy another pair of shoes made by the company that made these.

Do you like coon? Ask Lieut. Burns. Several weeks ago, he was sent one by Mayor Whitsell of St. Joseph. Miss Ward and Miss Coler were the guests of the camp at dinner.

To allay the curiosity of especially the feminine portion of the school, it might be stated that the room marked "Keep Out" is a hospital. There have been several patients confined in the room, but at present Leo Nicholls is the only occupant. The boys have been vaccinated recently, and while it is reported that all did not take, in some cases it took with a vengeance. The hospital was formerly Mr. Miller's room, and his classes are now reciting elsewhere.

Lieut. Burns says that the greatest pie supper ever known in history was held at the Normal on Hallowe'en. The pies, donated by the residents of Maryville, went around more than twice. The guests were: Mr. Richardson, Miss Zenor, Osa and Carrie Coler. A big

sing was a part of the entertainment.

Prexy entertained the boys at his home, Nov. 8. The Corps reports good eats, a fine sing, and a good time generally.

The boys should be nearly broke again. The payroll arrived sometime ago. From the looks of the bookstore memorandum there should be no need to propagate the spirit of "Spend your money at home" at the Normal.

Lieut. Marian Martin of the artillery, Fort Sill, Okla., visited the Normal unit, Friday, Nov. 29.

Do you know who likes "cooked hot water" with which to shave?

Found by the Courier staff, one white skirt. Ask the cook.

Elizabeth Leet, a former student, now student at Lindenwood College, St. Charles, Missouri has been seriously ill with Influenza and pneumonia but is better now.

The school orchestra now has the orchestration of fifty-five new songs. They are to be used in assembly and with the singing.

Ralph McClintock, is in the bombing squad at San Antonio, Texas. He is now a second lieutenant. His wife, formerly Nancy Gustin, is with him in San Antonio.

Mr. and Mrs. Clement Hahn of Kansas City were visiting in Maryville at the homes of Judge J. H. Sayler and M. Hahn, Oct. 12 and 13. Clement is in a motor mechanics army training school in Kansas City. Both are former students; Mrs. Hahn was Doris Sayler before her marriage.

Very few cases of influenza were reported by students on the questionnaires sent out by the Normal during vacation.

In a recent letter to Maryville friends, Willard White says that he has been practically all over France and that his car has nine holes in it.

William Van Cleve who is a member of the S. A. T. C. at Columbia, Mo., is recovering from a serious illness of influenza and pneumonia. He was a student here last year.

Mrs. A. R. Perrin was taken to the hospital Sunday on account of influenza. She is not seriously ill, and at last reports, was recovering nicely.

Alberta Hahn, who volunteered in the call for nurses by the Red Cross sometime ago, left Nov. 10 for Kansas City where she is a probationer in the General Hospital. She writes that her studies include personal hygiene, ethics, anatomy, materia medica, bandaging, practical nursing, bacteriology and chemistry.

MR. FOSTER IS IN FRANCE.

All Mr. Foster's friends will be glad to know that he has arrived in France safely. While on board the ship, he had charge of a great many interesting kinds of entertainment for the boys.

He fitted up one room as a reading room, with books, magazines, games and other comforts, for the men. He also organized the Ocean-ia Orchestra and the Deep Sea Quartette. These were used in a minstrel show which he organized.

In addition to this the members of the Courier staff, especially, will be interested in knowing that he published a paper, called the "Daily Fog Horn." This was made up of editorials, history of the command-officers, jokes, and material given in by the men. In the last edition, the commanding officer wrote an article thanking Mr. Foster for his efforts to make life pleasant during the trip.

Mrs. Perrin has recently received a letter from Mrs. Foster, saying Mr. Foster had been promoted and would stay in France for sometime. She said she would probably join him there.

BIRTHDAY PARTY FOR MISS MILLER.

A party was given at the Maryville Conservatory of Music, Thursday evening, Oct. 3, in honor of Miss Mildred Miller's birthday. Those present were: Misses Beulah Brunner, Bernice Rice, Jennie Garrett, Eleanor Smith, Geneva Wilfley, and Willetta Kittell.

S. A. T. C. boys were serenaded Friday night, Oct. 11, by Miss Helen Zenor, Mrs. Mary Zenor, Miss Mary A. Boggs, Mrs. Mary Lawrence and Mrs. Eugene Bird, who were returning from Pickering, where Miss Helen Zenor had conducted a "Sing."

MISS IRWIN MARRIED.

Katherine Irwin of Shelbina, Mo., and Howard Verne Harris of Redding, Iowa, were married Oct. 29 at New Port, R. I.

Ensign E. Hirsch and Miss Preston of St. Louis were their attendants. Twelve guests were present. The ring ceremony was used and the cake was cut with the sword of Ensign Hirsch.

They are now at home at 73 Third Street, New Port, R. I.

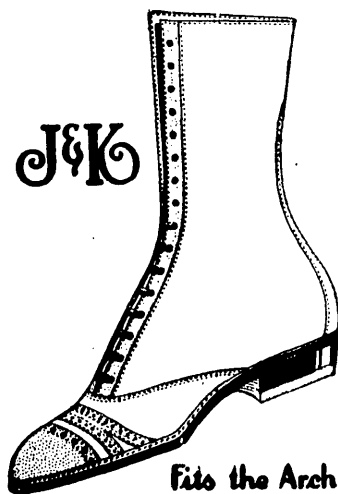

Mr. Harris is a commissary officer in the navy and is stationed there. Mrs. Harris is a stenographer with one of the insurance and real estate firms there.

Verne is a former student here and Mrs. Harris was President Richardson's private secretary last year.

Thomas Dougherty, a former Normal student, who is now in the navy and who is stationed at South Boston, writes: "A friend sent me two or three issues of the Green and White Courier and I noticed a number of my old friends among the patriots. Have any of the Normal boys been wounded or killed? The papers we get here contain the names of the New England boys only. To read them one would infer the rest of the country was not represented at all.

"According to the ruling of Secretary Daniels all men in the navy who had attended college and who wish to resume their studies will be discharged to do so. I desire to continue my education as soon as possible. I may enter the medical school at Columbia, Mo.; if not I shall finish my course at the Normal."

Vesta Wright has influenza at her home in Fairfax, Mo.
